1. Introduction

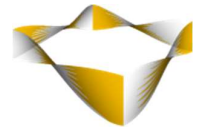

NOTE:

This module requires Magento Power Toys main module.

See section 2 for full installation requirements & guide.

[JaJuMa Power Toys](#) for Magento 2 by [JaJuMa](#) is a framework for tools and helpers , a.k.a "Toys", for Magento Admins to tune and streamline their Magento experience for greater productivity.

Customers Power Toy for Magento 2 is a Dashboard toy displaying statistics about customer accounts in your store..

2. Installation

For installing the extension, follow installation process as with any Magento Extension. This module requires

- [Magento Power Toys](#) v1.0.0+
- [Magewire](#) v1.10+ & [Magewire-requirejs](#) v1.1+

*We recommend installation via composer that will handle these dependencies automatically.
In case of manual installation, please make sure to install these modules first.*

2.1. Extension Installation via composer

For installing the extension via composer, follow installation process as with any Magento Extension from Magento Marketplace. See:
<https://devdocs.magento.com/extensions/install/>

2.2. Manual Extension Installation via FTP

For manual installation by FTP, please follow these steps:

Before Installing

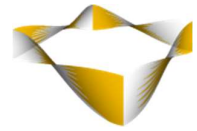

1. We recommend you to duplicate your live store on a staging/test site and try installation on your staging/test site before deploying to your live store
2. Backup Magento files and the store database

Please Note: It's very important to backup all themes and extensions in Magento before installation, especially when you are working on a live server.
We strongly recommend you to do not skip this step.

Upload the Extension

1. Log into your hosting space via a FTP client (e. g. FileZilla, WinSCP, cuteFtp)
2. Create Folder: <magentoroot>/app/code/Jajuma/PotCustomers
3. Unzip extension package and upload files into:
<magentoroot>/app/code/Jajuma/PotCustomers
4. Enter and run the following commands at the command line:

```
php bin/magento setup:upgrade  
php bin/magento setup:static-content:deploy
```

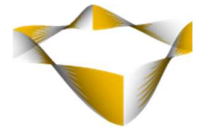

3. Extension Scope

This Dashboard Power Toy displays:

- Statistics about customer accounts in your store:
 - New customers in last X hours
 - Total number of customer accounts
 - Customer accounts pending confirmation
 - Online users (guest & logged in)

NOTE:

*This module requires Magento Power Toys main module.
See section 2 for full installation requirements & guide.*

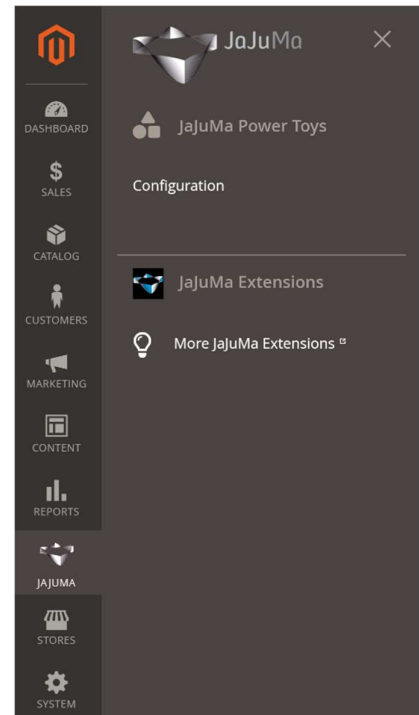

4. Configuration

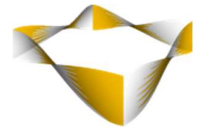

In Magento Backend see

JaJuMa -> Power Toys -> Configuration

to enable or disable the extension and
configure the extension in tab

-> Customers

4.1. Customers Power Toy Settings

The configuration in

JaJuMa -> Power Toys -> Configuration -> Customers

provides the option to Enable/Disable the toy/extension.

With Enabled =

- Yes → Toy is enabled
- No → Toy is disabled

And option to configure the reporting timeframe:

- Last X hours = e. g. 24 for 24h

Customers

Enable [store view] Yes

Last X hours [store view] 24

5. Using Customers Power Toy

After enabling the toy, open the Power Toys panel and see Dashboard Toy “Customers”

The Toy displays:

- New customers in last X hours
- Total number of customer accounts
- Customer accounts pending confirmation
- Online users (guest & logged in)

With X = configured value for “Last X hours”.
